Special exhibition by "The Rooster" famous high school horse owned by Col. J. H. Tapp, Smithville, Mo.

A large crowd attended the horse show at the county fair last night, but every indication is that a still larger audience will be present tonight when the usual display of show horses will be given, in addition to those competing for the $200 loving cup offered by Ferd M. Townsend. William Lee of Mexico will judge all horse shows at night.

In the first display last night, consisting of eight entries of single drivers, mare or gelding, Dan Hur, by Don Riley, St. Joseph, took first of $60; Jane Boegle, by Don Riley, took second of $25, and Jimmy Gilmore, by Col. J. H. Tapp, Smithville, took third of $15.

In the show of five-gaited horses, between 3 and 4 years old, J. H. Tapp of Smithville, won first with Rex Carver, owned by E. M. Carver of Guilford; Colonel R. G. Mundy of Lathrop won second with Betty B, owned by Charles D. Hocker of Guilford, while third was also won by Col. Mundy with Mandy, owned by M. Bergo.

In the show of five-gaited horses between 2 and 3 years old, Col. Mundy took first with Irene Chester, owned by Charles Shrader of Barnard. Col. Tapp took second with Liege McFall. There was no third entry.

The high school or trained horses display, which closed the horse show last night, was unusually good and showed what a horse can be taught to do with persistent training. The Rooster, owned by J. H. Tapp of course took first again, while Rex Carver, also driven by Tapp, took second. There was no other entry.

Both Rooster and Rex Carver were trained by Col. Tapp, Rooster for four years and Carver only eight weeks. Rooster can do the most intricate steps, kneel, bow, do the "turn table" stunt and other worthy tricks.

BRITS SUSPICIOUS OF MOVE

London Papers Express Belief That Germany's Promised Modification of 'Sub' War Is Bluff.

Special to The Democrat-Forum.

London, Sept. 2—The leading papers here, yesterday, carried editorials following the Germans surrender to the United States on the police submarine warfare. The Evening Standard said: "The move was prompted by expediency."

The Pall Mall sees in Germany's move, "a manoeuver resulting in the failure of the submarine warfare. "We cannot measure the exact amount of congratulations due Wilson until some experience showing Germany's formal renunciation of the piracy and what the surrender means in practice.

"The Bernstorff letter has the appearance of being an effort to maneuver our merchantment out of the freedom which has been gained by its own seamanship and the failure of the submarines."

Latest Traps Set byCent ral Austro-German Army Fail—Fortress Lutsk Evacuated.

Special to The Democrat-Forum.

Petrograd, Sept. 2.—General Ivanoff's armies have escaped the latest German and Austrian traps, according to information given here.

However, fortress Lutsk was evacuated by the Russians with scarcely any loss. The Slavs are falling back in the general direction of fortress Budno. Ten thousand prisoners were taken by the Germans and Austrians.

It is believed that the Austrians plan to pierce the Russian line in this region to flank the forces of Ivanoff and cut off any remaining army corps of the Russians remaining in Galicia. It is claimed that the enemy have made no material gains, and on the contrary suffered heavily in killed and captured. The Slav lines have reformed.

DERBY RACE FAST

SHINE D, DID THE MILE YESTERDAY IN 1:48¼ BEFORE FANS.

MANY ENTERED TODAY

Five Speed Tests This Afternoon Show Up Some Good Equines—Biggest Crowd Was There.

The horse races at the county fair are getting better and faster each day. The crowds also are increasing day by day, until yesterday afternoon it was difficult to even find standing room at a point overlooking the race course.

James A. Ford, manager, and A. O. Mason, president of the fair association, estimated the crowd at between 12,000 and 15,000 yesterday afternoon. A Clarinda, Ia., visitor said the crowd here was bigger than that at Clarinda recently, when the gate receipts showed a crowd of 16,000 present.

The races yesterday afternoon were marred by but one circumstance, which the judges and managers of the races quickly and decisively stopped. It was in the fourth race of the day, the five-eighths speed test, when Gertrude Dix easily finished first, but on account of her rider crowding and otherwise preventing competitive horses from passing, resulted in both she and Ilzie being disqualified.

Crowd Applauded Judges' Act.

The action was roundly applauded by the crowd. This gave Jennie Morris first and Jean Hoppas second. Gertrude Dix's time was 1.06 flat.

The big speed test yesterday was the final one, known as the Maryville Derby, a one-mile race, in which six of the fastest runners on the grounds were entered for the $300 purse. The first winner was Shine D., owned by J. A. Coffee of Canton, Okla., who nosed ahead of two others in the last half of the final lap. He made the mile in 1.43½.

Bon Ton, by C. Hill, Des Moines, finished second, while Voltrome, by William Ploured of Indianola, finished third.

In the half-mile race, out of four entries, Dixie Minor, owned by Ora Jackson, finished first in 50 seconds flat, while Chestnut Box by C. Hill, Pawhuska, Okla., made second, and Personality, by E. T. Philpot, finished third.

Today's Races Are Good.

FIND 22 SKELETONS IN F-4.

Only One Submarine Victim Has Been Identified by Naval Officers.

Special to The Democrat-Forum.

Honolulu, Sept. 2.—Naval officers in charge of the wrecked United States submarine F-4 indicate that there is scant hope of establishing the identities of the twenty-one remaining bodies still held in the vessel.

The bodies, of which little is left except bare skeletons, were located last night mixed with the debris of the sea. Of the crew of twenty-two men who went to their death when the F-4 dived during the maneuvers on March 25, only one body has been positively identified, that of George T. Ashcroft of Los Angeles, gunner's mate.

It is estimated that at least three days will be required to clear the interior of bodies and debris.

Washington, Sept. 2.—Serious weaknesses common to all four of the navy's "F" type of submarines are pointed out in the report of the board of inquiry, which made an investigation at Honolulu immediately after the loss of the F-4 with her crew of twenty-two last March.

MAKE STOCK, CROP AND FRUIT AWARDS

FEW BREEDERS ENTERED CATTLE OR HOGS AT FAIR.

PRODUCTS OF FARM AND HOME PROVE BIG CARD

Throngs View Floral Hall Displays All Time—Prizes Are Announced for Various Exhibits Today.

The final awards on live stock, fruits, vegetables, grains and farm products of various kinds were announced today by the judges and superintendents of the different departments. The displays of agricultural products are really fine, as was attested by the commendations heard on every side as one wends and elbows his way slowly and none too surely through the vast assemblage of persons which throng floral hall during the day.

The Cattle Awards.

In the Shorthorn cattle department, superintended by J. F. Roelofson, Bellows Brothers of Maryville took all first prizes, as mentioned yesterday in The Democrat-Forum, while Ogden & Sons took second and third in best yearling bulls, the only ring in which they had an entry.

Although many prizes were offered by the fair association, there are no entries of Hereford or Aberdeen Angus cattle. The awards in Jerseys and Holsteins are being made today and tomorrow.

The only Jerseys entered are from the herd of Thomas Wiles, near Maryville, who has twelve head. They are being judged today instead of tomorrow, as scheduled. W. W. Andrews of Maryville is judge of all cattle entries.

In the Holstein displays, two are contributed by Senator Anderson Craig, several by Ernest Moore and some by John Dowden.

There was but one entry today in the Aberdeen Angus cattle department, that being by A. L. Hills, who took first on a young cow.

In the Holstein cattle classes, Senator Anderson Craig took first on a bull 3 years old or over, while Moore & Dowden copped all other awards in the nine remaining rings of the Holstein classes.

Poland-China Awards.

The display of swine at the county fair is pretty good and represents the herd of several breeders of thoroughbred hogs of Nodaway county. John B. Lawson of Clarinda, Ia., was judge of all swine entries. All judging was completed yesterday afternoon.

In the Poland-China entries, O. J. Willhoyte, near Maryville, took all prizes, as mentioned yesterday in The Democrat-Forum, he being the only person to make an exhibit of this variety of hog.

Duroc Jersey Prizes.

In the Duroc Jersey entries, Dowden & Partridge, near Maryville, took most of the prizes, while Robert C. Powell also took a few, as mentioned yesterday. The awards were:

Boar, 2 years old or over—First, Dowden & Partridge. No other entries.

A LESSON IN TOWN BUILDING.

Hannibal has added two new factories to her already good list within the last week. Hannibal is one of the shining examples of what a town may do when it tries. When the railroads killed the river lumber business, Hannibal became one of the deadest towns along the Mississippi. After the census of 1900, when it was found that the town had actually lost population, her business men waked up. They decided the only way to build a town was to build it. Quincy was near on one side and St. Louis was on the other.

The business men got together, not to moralize nor to build roads nor give picnics, but to build a city. They were in real earnest and they got busy. They appointed, first of all a committee on manufactures from the live, aggressive business men, and employed a secretary of like character. They advertised in the manufacturing centers that they had certain advantages and wanted more industries. They got them. They cost something of course, but when the next census was taken it was found that Hannibal had increased her population nearly ten thousand, and the big pay rolls made money for the merchants and the bankers and everybody was glad.

Having done this much, Hannibal didn't sit back and say, "See what I have done," and let it go at that. Her commercial club was enthused with success and the enthusiasm was infectious. Everybody wanted to go ahead, and they are still going ahead. Hannibal has changed from a stag nant old self-satisfied town without hope or prospect, to a live, hustling city, all because her business men wanted to. She hasn't a single advantage that she hasn't always had.

WOMEN GET AWARDS

TEXTILE AND DOMESTIC SCIENCE EXHIBITS JUDGED.

FINE DISPLAYS MADE

Entries Double That of Last Year—Needlework Attracts Crowd—Fruit and Cookery Showing Excellent.

The textile and domestic science displays, which occupied the upper floor of floral hall, were unequaled in beauty, and the number of entries were double that of last year. The entrants were women from all over Nodaway county and from other places.

The textile department was under the superintendency of Mrs. W. O. Garrett, Mrs. M. D. Kemp, Mrs. Walter Mutz and Mrs. H. E. Wright, and the domestic science was in charge of Mrs. G. R. Cornelius, Mrs. S. J. DeArmond and Mrs. Charles McNeal.

On account of the great amount of needlework entered, the judging was divided. Mrs. M. A. Peery, Mrs. A. A. Leet of Bedford, Ia.; Mrs. L. C. Gann, Miss Bettie Turner, Mrs. J. S. Shinabargar, Mrs. Melissa Casteel, Miss Bertha Beal, Mrs. M. Nusbaum and Mrs. Will J. Montgomery were judges of the general classes of work.

The elderly women's work, which was entered in a special class, was judged by Mrs. L. E. Gault, Mrs. J. E. O'Neal and Mrs. J. E. Carter, and the juvenile work by Miss Myra Hull and Miss Katherine Carpenter.

The domestic science displays were also judged by Miss Hull and Miss Carpenter.

The Penelope club of this city won the first and second awards in the three special classes offered for the finest display of embroidery, crochet and tatting made by a club of not less than six. The work shown was one of the chief attractions of floral hall.

Women Interested in Entries.

Miss Gussie Croy of Stanberry, who is visiting Maryville relatives, entered simply for exhibit one of the finest displays of tatting work ever shown. A sunrise patchwork quilt, made in gold and white, the work of Mrs. G. R. Cornelius, and entered with the Penelope club exhibit, attracted the attention of everyone by its perfect work and beauty.

Great interest was taken by the women in this part of the fair and many things entered were not in the classified premium list but displayed in order to make the department more interesting. This department will be made much more elaborate next year and the interest stimulated by more awards.

ONE SPOONFUL GIVES ASTONISHING RESULTS

Maryville residents are astonished at the quick results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy acts on both upper and lower bowel and is so thorough a bowel cleanser that it is used successfully in appendicitis. One spoonful of Adler-i-ka relieves almost any case of constipation, sour or gassy stomach. One minute after you take it, the gasses rumble and pass out.—The Koch Pharmacy.

The Busy Store *Haines* With Little Prices

A BIT OF ADVICE.

First, Don't Delay—Second, Don't Experiment.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Maryville residents desire more convincing proof of their effectiveness than the statement of a Maryville citizen who has used them and willingly testifies to their worth.

Mrs. James Fisher, 804 East Fifth street, Maryville, says: "I used Doan's Kidney Pills, which I got at Love & Gaugh's drug store, and they gave me relief from backache and pains in my sides."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fisher had. Foster-Milburn Co., Props, Buffalo, N. Y.

THE COUNTY FAIR.

"The county fair is now here—
The poster sheets are everywhere,
And almost everybody now
Is whooping up the county fair.
We've had our fill of aeroplanes—
We want to see the big fat hog,
The patent churn, the trotting dog,
The new device that beats a cog,
And work around through the catalogue
At the county fair.

"We've always missed the county fair—
Its inner and its outer track
The dancing saddler, and the bull
About four feet across the back,
We're weary of chautauqua talk—
We want to hear the whistles blow,
The horses neigh, the roosters crow,
The blooded cattle when they low,
And the shrill-voiced starter shouting 'Go!'
At the county fair.

"It seems as if the world grows cold,
And people nowadays don't care
For other people in the warm
Old manner of the county fair.
We're tired of bowing here and there,
We want to shout 'How are you, Dan?'
'Hello there, Bill!' and "Howdy, Ann!'
And get a warm clasp of the hand
From every woman, child and man
At the county fair.

"The county fair is now here—
And that is probably as well.
A little more, and everyone
Had disappeared within his shell.
The good old plan was better far—
We want to meet the human race
In some well decorated place,
And be right human for a space
Because of coming face to face
At the county fair."

FAIR ATTRACTIONS ARE GOOD

Aerial Flights, Pyrotechnical Displays, Balloon Ascensions and Free Acts Approved.

The various attractions at the county fair, outside of the live stock, agricultural and textile and home work exhibits, and the races, are voiced as unusually good by the thousands who have witnessed them so far this week. The free acts by the Potters, the four Casters, and the dog and pony circus are each good and amuse both children and grownups each morning, afternoon and night.

The balloon ascensions and parachute drops by J. G. Wright also are good and given just as scheduled, while the aerial flights by Capt. J. H. Worden will be resumed today, after being called off yesterday on account of breakage of his Moisant monoplane. A new propeller has been received and will be fitted on today.

The pyrotechnical displays by Fearless Blondin, which close the night performances, also are good, especially was it so last night, when the sinking of the Lusitania was portrayed with fireworks as a climax to last night's display.

The crowd is shown the Lusitania at the south end of the race track center field, and the submarine lying in wait, off to the center of the field. Suddenly and without warning the deadly torpedo is fired into the vitals of the big ship. A sudden explosion occurs and all dies out.

Besides this, Mr. Blondin has the usual ground fountains, groups of volcanoes, sky rockets of various kinds, the Niagara Falls, which began the pyrotechnical display last night, the walking elephant, which was shown the first night; Madam De Nut in her slide for life, and Charlie Chaplin in his aerial trapeze, that are yet to come.

One of the attractions arranged by Blondin for tonight's fireworks display has a touch of local interest in it. He has prepared a pyrotechnical likeness of Miss Marie Mason, the little daughter of Mr. and Mrs. A. O. Mason, to be shown to the county fair crowd.

BIG CROWD AT THE FAIR

One of the Largest Ever in Maryville—Auto Races to Be Given Tomorrow.

One of the largest crowds ever in Maryville was here today attending the fair. They began coming early this morning in autos, buggies and on the train. A large number from Atchison, Worth, Gentry and Andrew counties are in attendance.

There are probably more automobiles in the city today than there has ever been. Cars were thick on the fair grounds and all over the city.

Nearly all of the business stores closed for the fair this afternoon. All of the banks, grocery stores, meat markets and jewelry houses suspended business for the afternoon.

Tomorrow is to be one of the big days of the fair. There are many attractions scheduled, including auto, motorcycle and bicycle races. The racing program tomorrow will start with a farmers county trot or pace, one-half mile in 3 for a purse of $25, followed by a mule race, one-mile dash. There will be a 20-mile auto dash, no car barred, for a purse of $100; a 20-mile motorcycle dash; a 2-mile automobile dash (stock car only); 1-mile automobile race (any make of car; 2-mile motorcycle dash; 1-mile bicycle race, boy under 16 years of age.

POLK DISPLAY GETS FIRST

Hughes Township Display of Agricultural Products Takes Second—Both Are Good.

The agricultural display from the farms of Polk township won first prize and those of Hughes township took second in the county fair exhibits according to the judging of Frank Saunders this morning. Both exhibits were good, but the opinion held by the thousands which viewed the township exhibits, voices the same opinion that Saunders held.

The Polk township exhibit was in charge of Ernest Wray, though A. B. Hillis, Ed. Fannon and several other Polk township farmers contributed to it. The Hughes township display was in charge of W. B. Gex, though several contributed.

The exhibits from the two townships, and also other agricultural displays in Floral hall will be arranged into a single exhibit to represent Nodaway county at the state fair in Sedalia next fall. Prof. R. A. Kinnaird of the Normal will be in charge of it.

UNCLE SAM SEEKS ORIENTAL TRADE

Aids Business Men In Establishing Relations With China.

OUR MINISTER THERE AIDS.

United States to Be Assured of a Fair Portion of Eastern Business—Dr. Pratt Points Out Need of a Well Capitalized American Bank In a Chinese City.

Washington. — An aggressive campaign to secure for American business a share in the development of the enormous resources of China has been planned by the departments of state and commerce.

The plan contemplates the development of an American vested interest in China that will insure the United States a fair share of that country's foreign trade and be powerful enough to take care of itself in the complicated political commercial situation there.

The scheme was developed by Paul S. Reinsch, minister to China; Julean

E. E. PRATT, CHIEF OF COMMERCE BUREAU.

H. Arnold, commercial attache at Peking, and Dr. E. E. Pratt, chief of the bureau of foreign and domestic commerce. Mr. Reinsch brought to Washington a program framed by himself and Mr. Arnold, which was submitted to Dr. Pratt, Secretary Lansing and other officials.

It was generally indorsed, and the bureau of foreign and domestic commerce already has begun work along the lines suggested. Mr. Arnold will return to the United States this winter and tour the country to get capital for investment in China.

State department officials have been watching commercial conditions in China since the recent granting of extensive special privileges demanded by Japan. No political steps have been taken to secure concessions or privileges for Americans, however, and the policy of the government has been steadfastly against commercial politics such as other nations have employed in China. The plan now proposed is expected to develop an American interest there which will be powerful enough to meet the competition of other nations.

Dr. Pratt pointed out today that American capital was piling up as a result of the European war, and that vast sums of idle money are available for investment. The bureau expects to take advantage of every opportunity now offered in China and to have an American interest strongly intrenched there at the close of the war.

Dr. Pratt issued a summary of the Chinese trade situation which stated in part:

"A well capitalized American bank is necessary to American trade advancement. China offers splendid inducements to American capital in mining enterprises, especially in tin, zinc, antimony, lead, coal and iron. Hunan province, the most accessible of the richer mineral areas, is a particularly inviting field for investment.

"China offers splendid inducements to American capital and American machinery in connection with the erection of cotton yarn mills. Opportunities for the investment of American capital are offered in the China rug making industry for rugs for the American market.

"American capital and expert management applied to tanning Chinese hides with a tannery at Kalgan, Tientsin or Hankow would be a paying venture.

"China imports annually nearly $10,000,000 (gold) worth of aniline and synthetic dyes. A high grade American substitute for the European products could probably secure a great deal of this trade, which is now at a standstill owing to the lack of supplies.

"On account of the war China offers a splendid field for American window glass of the cheaper grades. Window glass importations in China net several million dollars (gold) each year, and prices are nearly treble those of a year ago.

"With the favorable exchange which exists at the present time, Chinese products, which previously went to Europe, should find markets in America. Among these are sesamumseed, vegetable tallow, hides, ear products, mineral products, wood oil, peanuts, bean oil, gall nuts, etc."

OBITUARY.

Davod O. Hink was born in New York City February 29th, 1828. He was the son of William Hink and Jane Barbour Hink. He had one sister and one brother. The latter is now living in Rutherford, N. J.

His father, an officer in the regular army wied when David was but a lad. His mother survived only a few years.

His early education was under good tutors, later he was educated in the army when David was but a lad. er titles nor diplomas.

At about sixteen years of age he began his work as Evangelist among the sailors, long-shoresmen and the flotsam and jitsam of society that crowded the water front of New York City.

Possessed of a promising tenor voice and being a violinist of ability, he had the unusual accomplishment of being able to sing and play his own accompaniment.

An accident to his right hand interferred with his ability as a violinist although for many years his violin and knowledge of music was almost his sole reliance in a financial way, for the young preacher chose to be "the voice of one crying in the wilderness" rather than the well-paid pastor of a well-dressed flock.

In all of the pricinpal Atlantic coast cities from Baltimore to Bangor, he told in song and sermon the story of the "Man of Galilee."

At about 26 years of age he was called to the state of Illinois and a year or two later to Minnesota, where at Fairibault he was married to Clarrissa A. Newcomb, June 21, 1857. A few months later he was formally ordained to the ministry. Here he lived and worked during the dark days of '60 to '65, doubly dark in Minnesota, for the Indian outrages blanched the cheek of the bravest. Over the snow clad prairies and through the silent wood in winter, neath the smiling skies in summer he rode, braving danger to comfort the bereaved, watch by the sick and preach the gospel, earning his living teaching as a rule but often like his Master at the carpenter's bench. A deep student, those who knew him best learned to depend upon his scholarship. As an historian, he had few equals. He knew his Hebrew and Greek yet ever modest and unassuming, he like Paul, preached "Jesus Christ and Him crucified.

The hardships of a pioneer preacher in the cold northland, caused the loss of his singing voice and threatened to end his career as a public speaker. So broken in health he was ordered South After traveling about for sometime, he settled in Maryville, Mo., where he lived for over thirty years, during which time he served as pastor and state district and county evangelist, traveling through Iowa, Missouri, Illinois and parts of Kansas.

It was election time in the early days of his life in Maryville; the saloons were thronged, the streets crowded with victims of intemperence. Mr. Hink was coming out of Torrance's grocery, suddenly, he turned and said "Ben may I have this?" laying his hand upon a barrel by the door. "Certainly" answered Ben and the men rolled that barrel out and in front of a nearby saloon and mounting this queer rostrum Mr. Hink began to sing, the noisy crowd grew quiet, then he delivered the first temperence lecture ever given in Maryville. At its close the saloons were empty, men were several degrees nearer being sober; a hand was held out to assist him to the sidewalk and a saloon keeper said, "Thank you, sir, we need more men like you."

A generation grew up during "The Elder's" residence in Maryville. He married the young men and maidens, held their infants in his arms, baptised them later, married them and smiled upon their children. He was with them in sickness and when the shadow of death came he spoke words of comfort.

Failing health sent him to California January, 1900. Here he recovered sufficiently to serve as supply for different churches and in many ways, serve the Master he loved so well, also to endear himself to all with whom he came in contact.

And then on July 23, 1915, tended by the wife whose first care he had been for over half a century, with daughter, son-in-law and little granddaughter by his side, he slept.

Services were held at the First Christian church of San Diego, Cal., Reverends Hussong and Crabtree officiating. Among the pall bearers were L. N. Craig, Joseph Craig and S. R. Beech, friends of long ago.

Interment at Greenwod cemetery.

Of the six children born to Mr. and Mrs. Hink two, rest in far off Minnesota, one in Oak Hill cemetery Maryville and one, Samuel N., in Los Angeles. Two daughters are left to comfort mother, Mrs. Eva Davis of Wisconsin, and Mrs. Debbie Pittman of San Diego, Cal., also four grand children and four great gran children.

One grandniece and friends formerly of Maryville and Craig, Misouri, were with the family to comfort them.

When we our earth robe lay aside, God grant us the peace and asurance of the glorious entrance into the kingdom, which was his, "and there shall be no more death, neither sorrow nor crying for God shall wipe away all tears."

Special exhibition by "The Rooster" famous high school horse owned by Col. J. H. Tapp, Smithville, Mo.

A large crowd attended the horse show at the county fair last night, but every indication is that a still larger audience will be present tonight when the usual display of show horses will be given, in addition to those competing for the $200 loving cup offered by Ferd M. Townsend. William Lee of Mexico will judge all horse shows at night.

In the first display last night, consisting of eight entries of single drivers, mare or gelding, Dan Hur, by Don Riley, St. Joseph, took first of $60; Jane Boegle, by Don Riley, took second of $25, and Jimmy Gilmore, by Col. J. H. Tapp, Smithville, took third of $15.

In the show of five-gaited horses between 2 and 3 years old, Col. Mundy took first with Irene Chester, owned by Charles Shrader of Barnard. Col. Tapp took second with Liege McFall. There was no third entry.

The high school or trained horses display, which closed the horse show last night, was unusually good and showed what a horse can be taught to do with persistent training. The Rooster, owned by J. H. Tapp of course took first again, while Rex Carver, also driven by Tapp, took second. There was no other entry.

Both Rooster and Rex Carver were trained by Col. Tapp, Rooster for four years and Carver only eight weeks. Rooster can do the most intricate steps, kneel, bow, do the "turn table" stunt and other worthy tricks.

BRITS SUSPICIOUS OF MOVE

London Papers Express Belief That Germany's Promised Modification of 'Sub' War Is Bluff.

Special to The Democrat-Forum.

London, Sept. 2—The leading papers here, yesterday, carried editorials following the Germans surrender to the United States on the police submarine warfare. The Evening Standard said: "The move was prompted by expediency."

The Pall Mall sees in Germany's move, "a manoeuver resulting in the failure of the submarine warfare. "We cannot measure the exact amount of congratulations due Wilson until some experience showing Germany's formal renunciation of the piracy and what the surrender means in practice.

"The Bernstorff letter has the appearance of being an effort to maneuver our merchantment out of the freedom which has been gained by its own seamanship and the failure of the submarines."

Latest Traps Set by Cent ral Austro-German Army Fail—Fortress Lutsk Evacuated.

Special to The Democrat-Forum.

Petrograd, Sept. 2.—General Ivanoff's armies have escaped the latest German and Austrian traps, according to information given here.

However, fortress Lutsk was evacuated by the Russians with scarcely any loss. The Slavs are falling back in the general direction of fortress Budno. Ten thousand prisoners were taken by the Germans and Austrians.

It is believed that the Austrians plan to pierce the Russian line in this region to flank the forces of Ivanoff and cut off any remaining army corps of the Russians remaining in Galicia. It is claimed that the enemy have made no material gains, and on the contrary suffered heavily in killed and captured. The Slav lines have reformed.

DERBY RACE FAST

SHINE D, DID THE MILE YESTERDAY IN 1:43½ BEFORE FANS.

MANY ENTERED TODAY

Five Speed Tests This Afternoon Show Up Some Good Equines—Biggest Crowd Was There.

The horse races at the county fair are getting better and faster each day. The crowds also are increasing day by day, until yesterday afternoon it was difficult to even find standing room at a point overlooking the race course.

James A. Ford, manager, and A. O. Mason, president of the fair association, estimated the crowd at between 12,000 and 15,000 yesterday afternoon. A Clarinda, Ia., visitor said the crowd here was bigger than that at Clarinda recently, when the gate receipts showed a crowd of 16,000 present.

The races yesterday afternoon were marred by but one circumstance, which the judges and managers of the races quickly and decisively stopped. It was in the fourth race of the day, the five-eighths speed test, when Gertrude Dix easily finished first, but on account of her rider crowding and otherwise preventing competitive horses from passing, resulted in both she and Ilzie being disqualified.

Crowd Applauded Judges' Act.

The action was roundly applauded by the crowd. This gave Jennie Morris first and Jean Hoppas second. Gertrude Dix's time was 1.06 flat.

The big speed test yesterday was the final one, known as the Maryville Derby, a one-mile race, in which six of the fastest runners on the grounds were entered for the $300 purse. The first winner was Shine D., owned by J. A. Coffee of Canton, Okla., who nosed ahead of two others in the last half of the final lap. He made the mile in 1.43½.

Bon Ton, by C. Hill, Des Moines, finished second, while Voltrome, by William Ploured of Indianola, finished third.

In the half-mile race, out of four entries, Dixie Minor, owned by Ora Jackson, finished first in 50 seconds flat, while Chestnut Box by C. Hill, Pawhuska, Okla., made second, and Personality, by E. T. Philpot, finished third.

Today's Races Are Good.

The races this afternoon began with a free for all race carrying a purse of $400. FIND 22 SKELETONS IN F-4.

Only One Submarine Victim Has Been Identified by Naval Officers.

Special to The Democrat-Forum.

Honolulu, Sept. 2.—Naval officers in charge of the wrecked United States submarine F-4 indicate that there is scant hope of establishing the identities of the twenty-one remaining bodies still held in the vessel.

The bodies, of which little is left except bare skeletons, were located last night mixed with the debris of the sea. Of the crew of twenty-two men who went to their death when the F-4 dived during the maneuvers on March 25, only one body has been positively identified, that of George T. Ashcroft of Los Angeles, gunner's mate.

It is estimated that at least three days will be required to clear the interior of bodies and debris.

Washington, Sept. 2.—Serious weaknesses common to all four of the navy's "F" type of submarines are pointed out in the report of the board of inquiry, which made an investigation at Honolulu immediately after the loss of the F-4 with her crew of twenty-two last March.

MAKE STOCK, CROP AND FRUIT AWARDS

FEW BREEDERS ENTERED CATTLE OR HOGS AT FAIR.

PRODUCTS OF FARM AND HOME PROVE BIG CARD

Throngs View Floral Hall Displays All Time—Prizes Are Announced for Various Exhibits Today.

The final awards on live stock, fruits, vegetables, grains and farm products of various kinds were announced today by the judges and superintendents of the different departments. The displays of agricultural products are really fine, as was attested by the commendations heard on every side as one wends and elbows his way slowly and none too surely through the vast assemblage of persons which throng floral hall during the day.

The Cattle Awards.

In the Shorthorn cattle department, superintended by J. F. Roelofson, Bellows Brothers of Maryville took all first prizes, as mentioned yesterday in The Democrat-Forum, while Ogden & Sons took second and third in best yearling bulls, the only ring in which they had an entry.

Although many prizes were offered by the fair association, there are no entries of Hereford or Aberdeen Angus cattle. The awards in Jerseys and Holsteins are being made today and tomorrow.

The only Jerseys entered are from the herd of Thomas Wiles, near Maryville, who has twelve head. They are being judged today instead of tomorrow, as scheduled. W. W. Andrews of Maryville is judge of all cattle entries.

In the Holstein displays, two are contributed by Senator Anderson Craig, several by Ernest Moore and some by John Dowden.

There was but one entry today in the Aberdeen Angus cattle department, that being by A. L. Hills, who took first on a young cow.

In the Holstein cattle classes, Senator Anderson Craig took first on a bull 3 years old or over, while Moore & Dowden copped all other awards in the nine remaining rings of the Holstein classes.

Poland-China Awards.

The display of swine at the county fair is pretty good and represents the herd of several breeders of thoroughbred hogs of Nodaway county. John B. Lawson of Clarinda, Ia., was judge of all swine entries. All judging was completed yesterday afternoon.

In the Poland-China entries, O. J. Willhoyte, near Maryville, took all prizes, as mentioned yesterday in The Democrat-Forum, he being the only person to make an exhibit of this variety of hog.

Duroc Jersey Prizes.

In the Duroc Jersey entries, Dowden & Partridge, near Maryville, took most of the prizes, while Robert C. Powell also took a few, as mentioned yesterday. The awards were:

Boar, 2 years old or over—First, Dowden & Partridge. No other entries.

A LESSON IN TOWN BUILDING.

Hannibal has added two new factories to her already good list within the last week. Hannibal is one of the shining examples of what a town may do when it tries. When the railroads killed the river lumber business, Hannibal became one of the deadest towns along the Mississippi. After the census of 1900, when it was found that the town had actually lost population, her business men waked up. They decided the only way to build a town was to build it. Quincy was near on one side and St. Louis was on the other.

The business men got together, not to moralize nor to build roads nor give picnics, but to build a city. They were in real earnest and they got busy. They appointed, first of all a committee on manufactures from the live, aggressive business men, and employed a secretary of like character. They advertised in the manufacturing centers that they had certain advantages and wanted more industries. They got them. They cost something of course, but when the next census was taken it was found that Hannibal had increased her population nearly ten thousand, and the big pay rolls made money for the merchants and the bankers and everybody was glad.

Having done this much, Hannibal didn't sit back and say, "See what I have done," and let it go at that. Her commercial club was enthused with success and the enthusiasm was infectious. Everybody wanted to go ahead, and they are still going ahead. Hannibal has changed from a stagnant old self-satisfied town without hope or prospect, to a live, hustling city, all because her business men wanted to. She hasn't a single advantage that she hasn't always had.

TEXTILE AND DOMESTIC SCIENCE EXHIBITS JUDGED.

FINE DISPLAYS MADE

Entries Double That of Last Year—Needlework Attracts Crowd—Fruit and Cookery Showing Excellent.

The textile and domestic science displays, which occupied the upper floor of floral hall, were unequaled in beauty, and the number of entries were double that of last year. The entrants were women from all over Nodaway county and from other places.

The textile department was under the superintendency of Mrs. W. O. Garrett, Mrs. M. D. Kemp, Mrs. Walter Mutz and Mrs. H. E. Wright, and the domestic science was in charge of Mrs. G. R. Cornelius, Mrs. S. J. DeArmond and Mrs. Charles McNeal.

On account of the great amount of needlework entered, the judging was divided. Mrs. M. A. Peery, Mrs. A. A. Leet of Bedford, Ia.; Mrs. L. C. Gann, Miss Bettie Turner, Mrs. J. S. Shinabargar, Mrs. Melissa Casteel, Miss Bertha Beal, Mrs. M. Nusbaum and Mrs. Will J. Montgomery were judges of the general classes of work.

The Display Judges.

The elderly women's work, which was entered in a special class, was judged by Mrs. L. E. Gault, Mrs. J. E. O'Neal and Mrs. J. E. Carter, and the juvenile work by Miss Myra Hull and Miss Katherine Carpenter.

The domestic science displays were also judged by Miss Hull and Miss Carpenter.

The Penelope club of this city won the first and second awards in the three special classes offered for the finest display of embroidery, crochet and tatting made by a club of not less than six. The work shown was one of the chief attractions of floral hall.

Women Interested in Entries.

Miss Gussie Croy of Stanberry, who is visiting Maryville relatives, entered simply for exhibit one of the finest displays of tatting work ever shown. A sunrise patchwork quilt, made in gold and white, the work of Mrs. G. R. Cornelius, and entered with the Penelope club exhibit, attracted the attention of everyone by its perfect work and beauty.

Great interest was taken by the women in this part of the fair and many things entered were not in the classified premium list but displayed in order to make the department more interesting. This department will be made much more elaborate next year and the interest stimulated by more awards.

ONE SPOONFUL GIVES ASTONISHING RESULTS

Maryville residents are astonished at the quick results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy acts on both upper and lower bowel and is so thorough a bowel cleanser that it is used successfully in appendicitis. One spoonful of Adler-i-ka relieves almost any case of constipation, sour or gassy stomach. One minute after you take it, the gasses rumble and pass out.—The Koch Pharmacy.

The Busy Store *Haines* With Little Prices

A BIT OF ADVICE.

First, Don't Delay—Second, Don't Experiment.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Maryville residents desire more convincing proof of their effectiveness than the statement of a Maryville citizen who has used them and willingly testifies to their worth.

Mrs. James Fisher, 804 East Fifth street, Maryville, says: "I used Doan's Kidney Pills, which I got at Love & Gaugh's drug store, and they gave me relief from backache and pains in my sides."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fisher had. Foster-Milburn Co., Props, Buffalo, N. Y.

THE COUNTY FAIR.

"The county fair is now here—
The poster sheets are everywhere,
And almost everybody now
Is whooping up the county fair.
We've had our fill of aeroplanes—
We want to see the big fat hog,
The patent churn, the trotting dog,
The new device that beats a cog,
And work around through the catalogue
At the county fair.

"We've always missed the county fair—
Its inner and its outer track
The dancing saddler, and the bull
About four feet across the back,
We're weary of chautauqua talk—
We want to hear the whistles blow,
The horses neigh, the roosters crow,
The blooded cattle when they low,
And the shrill-voiced starter shouting 'Go!'
At the county fair.

"It seems as if the world grows cold,
And people nowadays don't care
For other people in the warm
Old manner of the county fair.
We're tired of bowing here and there,
We want to shout 'How are you, Dan?'
'Hello there, Bill!' and "Howdy, Ann!'
And get a warm clasp of the hand
From every woman, child and man
At the county fair.

"The county fair is now here—
And that is probably as well.
A little more, and everyone
Had disappeared within his shell.
The good old plan was better far—
We want to meet the human race
In some well decorated place,
And be right human for a space
Because of coming face to face
At the county fair."

Picnic Party.

The Penelopes carried off the first and second prizes in all three classes of work, embroidery, crochet and tatting, offered by the county fair association to a club display. The display was one of the most attractive features of Floral hall and the exquisite skill of work and beauty of design was the admiration of everyone. The work represented many busy hours and shows their club meetings to be very industrious sessions, and not entirely "talking events."

FAIR ATTRACTIONS ARE GOOD

Aerial Flights, Pyrotechnical Displays, Balloon Ascensions and Free Acts Approved.

The various attractions at the county fair, outside of the live stock, agricultural and textile and home work exhibits, and the races, are voiced as unusually good by the thousands who have witnessed them so far this week. The free acts by the Potters, the four Casters, and the dog and pony circus are each good and amuse both children and grownups each morning, afternoon and night.

The balloon ascensions and parachute drops by J. G. Wright also are good and given just as scheduled, while the aerial flights by Capt. J. H. Worden will be resumed today, after being called off yesterday on account of breakage of his Moisant monoplane. A new propeller has been received and will be fitted on today.

The pyrotechnical displays by Fearless Blondin, which close the night performances, also are good, especially was it so last night, when the sinking of the Lusitania was portrayed with fireworks as a climax to last night's display.

The crowd is shown the Lusitania at the south end of the race track center field, and the submarine lying in wait, off to the center of the field. Suddenly and without warning the deadly torpedo is fired into the vitals of the big ship. A sudden explosion occurs and all dies out.

Besides this, Mr. Blondin has the usual ground fountains, groups of volcanoes, sky rockets of various kinds, the Niagara Falls, which began the pyrotechnical display last night, the walking elephant, which was shown the first night; Madam De Nut in her slide for life, and Charlie Chaplin in his aerial trapeze, that are yet to come.

One of the attractions arranged by Blondin for tonight's fireworks display has a touch of local interest in it. He has prepared a pyrotechnical likeness of Miss Marie Mason, the little daughter of Mr. and Mrs. A. O. Mason, to be shown to the county fair crowd.

BIG CROWD AT THE FAIR

One of the Largest Ever in Maryville—Auto Races to Be Given Tomorrow.

One of the largest crowds ever in Maryville was here today attending the fair. They began coming early this morning in autos, buggies and on the train. A large number from Atchison, Worth, Gentry and Andrew counties are in attendance.

There are probably more automobiles in the city today than there has ever been. Cars were thick on the fair grounds and all over the city.

Nearly all of the business stores closed for the fair this afternoon. All of the banks, grocery stores, meat markets and jewelry houses suspended business for the afternoon.

Tomorrow is to be one of the big days of the fair. There are many attractions scheduled, including auto, motorcycle and bicycle races. The racing program tomorrow will start with a farmers county trot or pace, one-half mile in 3 for a purse of $25, followed by a mule race, one-mile dash. There will be a 20-mile auto dash, no car barred, for a purse of $100; a 20-mile motorcycle dash; a 2-mile automobile dash (stock car only); 1-mile automobile race (any make of car; 2-mile motorcycle dash; 1-mile bicycle race, boy under 16 years of age.

POLK DISPLAY GETS FIRST

Hughes Township Display of Agricultural Products Takes Second—Both Are Good.

The agricultural display from the farms of Polk township won first prize and those of Hughes township took second in the county fair exhibits according to the judging of Frank Saunders this morning. Both exhibits were good, but the opinion held by the thousands which viewed the township exhibits, voices the same opinion that Saunders held.

The Polk township exhibit was in charge of Ernest Wray, though A. B. Hillis, Ed. Fannon and several other Polk township farmers contributed to it. The Hughes township display was in charge of W. B. Gex, though several contributed.

The exhibits from the two townships, and also other agricultural displays in Floral hall will be arranged into a single exhibit to represent Nodaway county at the state fair in Sedalia next fall. Prof. R. A. Kinnaird of the Normal will be in charge of it.

United States to Be Assured of a Fair Portion of Eastern Business—Dr. Pratt Points Out Need of a Well Capitalized American Bank In a Chinese City.

Washington. — An aggressive campaign to secure for American business a share in the development of the enormous resources of China has been planned by the departments of state and commerce.

The plan contemplates the development of an American vested interest in China that will insure the United States a fair share of that country's foreign trade and be powerful enough to take care of itself in the complicated political commercial situation there.

The scheme was developed by Paul S. Reinsch, minister to China; Julean

E. E. PRATT, CHIEF OF COMMERCE BUREAU.

H. Arnold, commercial attache at Peking, and Dr. E. E. Pratt, chief of the bureau of foreign and domestic commerce. Mr. Reinsch brought to Washington a program framed by himself and Mr. Arnold, which was submitted to Dr. Pratt, Secretary Lansing and other officials.

It was generally indorsed, and the bureau of foreign and domestic commerce already has begun work along the lines suggested. Mr. Arnold will return to the United States this winter and tour the country to get capital for investment in China.

State department officials have been watching commercial conditions in China since the recent granting of extensive special privileges demanded by Japan. No political steps have been taken to secure concessions or privileges for Americans, however, and the policy of the government has been steadfastly against commercial politics such as other nations have employed in China. The plan now proposed is expected to develop an American interest there which will be powerful enough to meet the competition of other nations.

Dr. Pratt pointed out today that American capital was piling up as a result of the European war, and that vast sums of idle money are available for investment. The bureau expects to take advantage of every opportunity now offered in China and to have an American interest strongly intrenched there at the close of the war.

Dr. Pratt issued a summary of the Chinese trade situation which stated in part:

"A well capitalized American bank is necessary to American trade advancement. China offers splendid inducements to American capital in mining enterprises, especially in tin, zinc, antimony, lead, coal and iron. Hunan province, the most accessible of the richer mineral areas, is a particularly inviting field for investment.

"China offers splendid inducements to American capital and American machinery in connection with the erection of cotton yarn mills. Opportunities for the investment of American capital are offered in the China rug making industry for rugs for the American market.

"American capital and expert management applied to tanning Chinese hides with a tannery at Kalgan, Tientsin or Hankow would be a paying venture.

"China imports annually nearly $10,000,000 (gold) worth of aniline and synthetic dyes. A high grade American substitute for the European products could probably secure a great deal of this trade, which is now at a standstill owing to the lack of supplies.

"On account of the war China offers a splendid field for American window glass of the cheaper grades. Window glass importations in China net several million dollars (gold) each year, and prices are nearly treble those of a year ago.

"With the favorable exchange which exists at the present time, Chinese products, which previously went to Europe, should find markets in America. Among these are sesamumseed, vegetable tallow, hides, egg products, mineral products, wood oil, peanuts, bean oil, gall nuts, etc."

OBITUARY.

Davod O. Hink was born in New York City February 29th, 1828. He was the son of William Hink and Jane Barbour Hink. He had one sister and one brother. The latter is now living in Rutherford, N. J.

His father, an officer in the regular army wied when David was but a lad. His mother survived only a few years.

His early education was under good tutors, later he was educated in the army when David was but a lad. er titles nor diplomas.

At about sixteen years of age he began his work as Evangelist among the sailors, long-shoresmen and the flotsam and jitsam of society that crowded the water front of New York City.

Possessed of a promising tenor voice and being a violinist of ability, he had the unusual accomplishment of being able to sing and play his own accompaniment.

An accident to his right hand interferred with his ability as a violinist although for many years his violin and knowledge of music was almost his sole reliance in a financial way, for the young preacher chose to be "the voice of one crying in the wilderness" rather than the well-paid pastor of a well-dressed flock.

In all of the pricinpal Atlantic coast cities from Baltimore to Bangor, he told in song and sermon the story of the "Man of Galilee."

At about 26 years of age he was called to the state of Illinois and a year or two later to Minnesota, where at Fairibault he was married to Clarrissa A. Newcomb, June 21, 1857. A few months later he was formally ordained to the ministry. Here he lived and worked during the dark days of '60 to '65, doubly dark in Minnesota, for the Indian outrages blanched the cheek of the bravest. Over the snow clad prairies and through the silent wood in winter, neath the smiling skies in summer he rode, braving danger to comfort the bereaved, watch by the sick and preach the gospel, earning his living teaching as a rule but often like his Master at the carpenter's bench. A deep student, those who knew him best learned to depend upon his scholarship. As an historian, he had few equals. He knew his Hebrew and Greek yet ever modest and unassuming, he like Paul, preached "Jesus Christ and Him crucified.

The hardships of a pioneer preacher in the cold northland, caused the loss of his singing voice and threatened to end his career as a public speaker. So broken in health he was ordered South After traveleing about for sometime, he settled in Maryville, Mo., where he lived for over thirty years, during which time he served as pastor and state district and county evangelist, traveling through Iowa, Missouri, Illinois and parts of Kansas.

It was election time in the early days of his life in Maryville; the saloons were thronged, the streets crowded with victims of intemperence. Mr. Hink was coming out of Torrance's grocery, suddenly, he turned and said "Ben may I have this?" laying his hand upon a barrel by the door. "Certainly" answered Ben and the men roiled that barrel out and in front of a nearby saloon and mounting this queer rostrum Mr. Hink began to sing, the noisy crowd grew quiet, then he delivered the first temperence lecture ever given in Maryville. At its close the saloons were empty, men were several degrees nearer being sober; a hand was held out to assist him to the sidewalk and a saloon keeper said, "Thank you, sir, we need more men like you."

A generation grew up during "The Elder's" residence in Maryville. He married the young men and maidens, held their infants in his arms, baptised them later, married them and smiled upon their children. He was with them in sickness and when the shadow of death came he spoke words of comfort.

Failing health sent him to California January, 1900. Here he recovered sufficiently to serve as supply for different churches and in many ways, serve the Master he loved so well, also to endear himself to all with whom he came in contact.

And then on July 23, 1915, tended by the wife whose first care he had been for over half a century, with daughter, son-in-law and little granddaughter by his side, he slept.

Services were held at the First Christian church of San Diego, Cal., Reverends Hussong and Crabtree officiating. Among the pall bearers were L. N. Craig, Joseph Craig and S. R. Beech, friends of long ago.

Interment at Greenwod cemetery.

Of the six children born to Mr. and Mrs. Hink two, rest in far off Minnesota, one in Oak Hill cemetery Maryville and one, Samuel N., in Los Angeles. Two daughters are left to comfort mother, Mrs. Eva Davis of Wisconsin, and Mrs. Debbie Pittman of San Diego, Cal., also four grand children and four great gran children.

One grandniece and friends formerly of Maryville and Craig, Misosuri, were with the family to comfort them.

When we our earth robe lay aside, God grant us the peace and asurance of the glorious entrance into the kingdom, which was his, "and there shall be no more death, neither sorrow nor crying for God shall wipe away all tears."
